Hi Mike,

The DVD with all the Augustana Archaeological Survey Reports have been mailed to you. Tomorrow we will mail another CD with Evaluative Testing Reports – again non-public.

All the best,

Patty

Subject: Augustana Reports
Importance: High

Mike,

One more thing. I have asked our paralegal to copy all the non-public Augustana reports in ADAMS on a disk and I will send to you by mail. Please send me your mailing address.

That will give you all but the original tribal survey reports — I have asked Kellee Jamerson to contact you regarding those reports.

Let Kellee or me know what else you need. By the way, I asked Kellee to keep Valois in the loop.

Best wishes,

Patty

Subject: Historic Resources Reports

Hi Mike,

Sorry for the delay in responding to your call. We have the unredacted archeological reports submitted by Powertech in non-public ADAMS and redacted version in ADAMS. I have asked the Dewey-Burdock Project Manager, Kellee Jamerson to see about sending your unreduced versions.

The South Dakota State Historic Preservation Office has the full set of archaeology reports available for review by professional archeologists.

We have the tribal survey reports in ADAMS and I am not certain we will be able to provide to EPA. I am asking Kellee to check on the agreement made with the Tribes. We have as non-public have included

summaries of the archeological and tribal surveys as a public report – part of our Programmatic Agreement, attached. (See especially **NRC-018-B**) I have also attached **NRC-01**, SUMMARY REPORT REGARDING THE TRIBAL CULTURAL SURVEYS COMPLETED FOR THE DEWEY-BURDOCK URANIUM IN-SITU RECOVERY PROJECT. I have also attached, **NRC-144** SRI (SRI Foundation). “Overview of Places of Traditional and Cultural Significance, Cameco/Powertech Project Areas.” Rio Rancho, New Mexico: SRI Foundation. (June 8, 2012) (ADAMS Accession No. ML12262A113).

The findings on the cultural resources are also presented in the Final Supplemental Environmental Impact Statement at:

NRC-072 (Exhibit in hearing)

A Level III Cultural Resources Evaluation of Powertech (USA) Incorporated's Proposed Dewey-Burdock Uranium Project Locality within the Southern Black Hills, Custer and Fall River Counties, South Dakota, Vol. I, (Page 1.2 through Page 4.18) (Mar. 31, 2008) (ADAMS Accession No. ML100670309).

NRC-073 (Exhibit in hearing)

A Level III Cultural Resources Evaluation of Powertech (USA) Incorporated's Proposed Dewey-Burdock Uranium Project Locality within the Southern Black Hills, Custer and Fall River Counties, South Dakota (Pages 5.53 through 5.106) (Mar. 31, 2008) (ADAMS Accession No. ML100670318).

Other Augustana reports entered as exhibits in the hearing will be sent separately due to document size:

NRC-136-A

Palmer, L. and J.M. Kruse. “Evaluative Testing of 20 Sites in the Powertech (USA) Inc. Dewey-Burdock Uranium Project Impact Areas.” Black Hills Archaeological Region. Volumes I and II. Archaeological Contract Series No. 251. Sioux Falls, South Dakota: Archeology Laboratory, Augustana College. (2012) (ADAMS Accession No. ML12144A270).

NRC-136-B

Palmer, L. and J.M. Kruse. “Evaluative Testing of 20 Sites in the Powertech (USA) Inc. Dewey-Burdock Uranium Project Impact Areas.” Black Hills Archaeological Region. Volumes I and II. Archaeological Contract Series No. 251. Sioux Falls, South Dakota: Archeology Laboratory, Augustana College. (2012) (ADAMS Accession No. ML12144A279).

NRC-136-C

Palmer, L. and J.M. Kruse. “Evaluative Testing of 20 Sites in the Powertech (USA) Inc. Dewey-Burdock Uranium Project Impact Areas.” Black Hills Archaeological Region. Volumes I and II. Archaeological Contract Series No. 251. Sioux Falls, South Dakota: Archeology Laboratory, Augustana College. (2012) (ADAMS Accession No. ML12144A263).

I hope this helps.

Patty
